

# TOMB RACER

Mary and Martha went to Lazarus' tomb and saw Jesus bring him back to life! The news of what happened spread everywhere, even to the big city of Jerusalem and to the High Council of leaders.

*What ways can you imagine the message might have gotten around about what happened? By horse or camel?*

*Can you use some of your toys to make models of the different ways and even race them?*

*What if it had happened today? Would the message have gone by car? By plane? Can you make models of those ways too...? Which way would be the fastest to let everyone know the amazing thing that happened in Bethany...?*
