

# ROCK AND ROLL

When Jesus arrived in Jerusalem, some of the people there said the crowd were being too noisy as they cheered for Him. Jesus replied that if the people stopped, even the rocks and stones would cry out.

*Can you find a stone or a pebble and decorate it so it comes to life just like Jesus said they would to worship Him?*

*If you have a garden or are going on a walk today, ask a grown up to help you find a stone or a pebble to decorate. Can you make a face for it and stick it on so it looks like it is shouting out in worship? If you have some paint, you could paint your stone to bring it to life and with some wool or string you could even give it some hair!*

*Share your creations with us on social media, we would love to see your rock that's worshipping Jesus!*
